Hello Parish Council

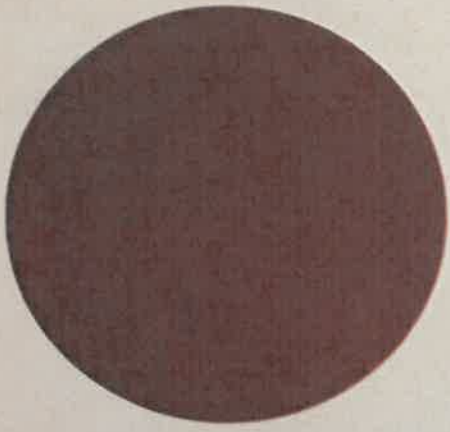

Following agreement from yourselves we have now painted the clubhouse at Halstead Park (please see attached)

We would also like to paint the roller shutters to give the building a finishing touch and we would like to use the Harrow Burnt Orange colour (please see attached) which we believe will enhance and be in keeping with the overall environment at this site

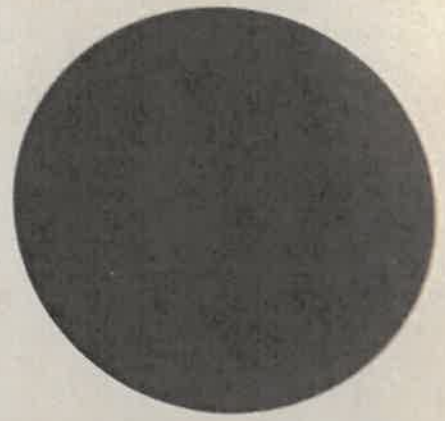

Please can you confirm your approval for this additional request?

Thanks for your help

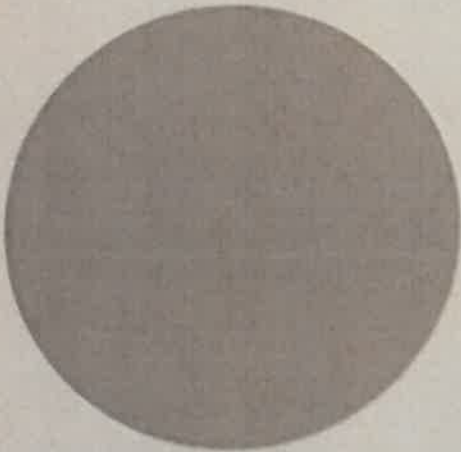

Regards  
Matt (MJFC)
